## **Burntsand Signs a Large Contract for EMC Documentum Implementation Services**

**Toronto, ON. August 11, 2009.** Burntsand Inc. (Burntsand) (TSX:BRT), a North American business consulting and technology services company, announced today the signing of a contract for an EMC Documentum implementation totaling over \$600,000US. The customer is a global life sciences company.

Burntsand has been engaged over the next five months to provide Enterprise Content Management (“ECM”) services in the first phase of the customer’s multi-year ECM strategy and roadmap to solve the following business problems:

- Inability to track, manage and store information;
- Lack of institutional memory;
- Non-compliance with records retention policies; and
- No centralized, collaborative environment for employees to share documents and knowledge.

“We are pleased that Burntsand has been selected by this new client for their transformational initiative to establish an organization-wide uniform and integrated solution to provide a powerful and automated process for efficient ECM.” said Martin L. Glover, Burntsand CEO. “We were selected based upon our deep expertise and experience in ECM for large customers, our understanding of life science companies, and our project teams with a proven track record for successfully executing this type of engagement”, added Mr. Glover.

### **About Burntsand**

Burntsand is a leader in the delivery of technology consulting services for customers with complex information processing and information management requirements in three practice areas - Enterprise Content Management, Collaboration and Service Management - aligned around our strategic partners, EMC, Microsoft and BMC. The Company delivers strategic design, technology architecture and custom application development through our proven Time-to-Value methodology, which mitigates business risk and speeds process improvements and returns. Headquartered in Toronto, Burntsand operates from locations across North America. The Company's shares (TSX: BRT) are traded on the Toronto Stock Exchange.
