

Burntsand Signs \$610,000 Contract Extension for Leading Technology Company

Toronto, ON. January 23, 2008 - Burntsand Inc. (Burntsand) (TSX: BRT), a leading North American provider of Integrated Information Management Solutions, today announced the signing of two contracts for consulting services valued at approximately \$610,000. These contracts will engage a Burntsand project team until December 31, 2008 to provide consulting services. The solution integrates ITIL (Information Technology Infrastructure Library) standards and the BMC ITSM Application Suite including the Atrium CMDB product.

"Continuing this long-standing relationship for another year is very rewarding for us," said Martin Glover, Burntsand's CEO. "We are proud that over the past several years our consulting teams have consistently delivered so many successful, high-quality projects. Our Service Management Solution is an essential tool for companies to realize full value in their existing infrastructure." Glover continued, "In demonstrating our commitment to achieving the best results possible, once again we have earned the customer's trust, which is of paramount importance to us."

Burntsand is an early adopter of the ITIL/ITSM guidelines in North America. Since its first ITIL management solution engagement in 1999, the company has remained a leading provider of services in this important information framework. A BMC partner since 1999, Burntsand blends its technical expertise in Remedy with its ITIL certified consultants for successful Service Management implementations.
