

Burntsand Showcases Content and Knowledge Management Solutions at EMC World 2008 in Las Vegas

Firm Renews Prestigious Elite-Level Sponsorship at EMC Partner and Customer Conference

TORONTO, Canada - May 13, 2008 - Burntsand Inc. (Burntsand) (TSX: BRT), a North American business consulting and technology services company, is continuing its Elite-level sponsorship at EMC's annual user conference, EMC World.

"As a long-time supporter of EMC's annual event, we're excited about this chance to showcase our thought leadership and forge new relationships," said Marty Glover, Burntsand's President and CEO. "Our continuing participation in the EMC user conference reflects our strong commitment to our customers as well as our important partnership with EMC."

Burntsand Enterprise Content Management experts will be available to discuss their solutions at the company's booth (#413). Burntsand will be focused on five solution areas:

1. Clinical Knowledge Management
2. eGovernment
3. Scan/Capture for Financial Services
4. Microsoft/Documentum Integration
5. Transactional Content Management

Burntsand will be presenting two conference sessions:

- Knowledge Management Challenges Facing Healthcare. The presentation focuses on strategies that leverage EMC Collaboration and Enterprise Content Management technologies to optimize the investment in Electronic Health Record, Electronic Order Entry, or Evidenced-Based Clinical Decision Support Content. Cathyann Harris, Healthcare and Life Sciences Principal Consultant at Burntsand, will co-present with Asher Kramer, Ambulatory Program Architect at Maine Health, who is implementing outpatient Electronic Health Records on the EPIC system.
- eGovernment. This presentation will discuss how to revitalize legacy systems with Integrated Information Management. Vinesh Goyal, Burntsand Enterprise Content Management Practice Director, US West, will co-present with Rich Grudman from San Diego County.

Burntsand is also a sponsor of the conference's major social event, the Content Management and Archiving Community Party. This is a special gathering where Content Management and Archiving folks can eat, drink, and mingle, with live music from the Groove band.

EMC World 2008 will take place May 19-22, 2008 in Las Vegas, Nevada. This is the fifth consecutive year that Burntsand has been a top-level sponsor at the EMC conference. EMC World is an important forum for highlighting Burntsand's unique solutions and capabilities for Integrated Information Management.

About Burntsand

Burntsand is a North America-based solution provider who designs, architects, and implements Integrated Information Management solutions to deliver business advantage for mid-market clients, Healthcare delivery networks, and divisions of Global 2000 companies. Burntsand was established in 1996 to deliver innovative, cost-effective business and technology solutions on time and on budget. Based on this foundation, Burntsand has become a customer-focused, forward-thinking North American leader in the delivery of Enterprise Content Management, Web and Portals, and Service Management solutions on leading technology platforms from EMC, Microsoft and BMC.
